

FIRST NAVIGATION & DRIVING TEST (Easy)

GENERAL RULES

- You are allowed whichever road you want to take, including highways and toll roads
- The laws and traffic signs and speed limits have to be respected at all times
- The goal is to find the quickest and maybe shortest way to the destination
- You are not allowed to use the navigation system of your car (except its compass feature)
- You are not allowed to use any other tools and documents than supplied inside this box

PREPARATION

- Inside the box you will find your team clothes (beta-version) – wear them
- You will find a sponsor decal, fix it in the most visible and expensive advert-space on the car
- Switch on the i-GotU GPS-Receiver and place it on the vehicles dashboard
- The destination is marked on the supplied map with an “X”
- Plan your route, you may use the supplied pencil/sheets to create a road book (< 30 minutes)
- Take all stuff with you

ON THE ROAD

- We will possibly stop near Seysses to take Dominique with us (he will follow with his 4x4)
- Then, rejoin your itinerary to get to the goal (detailed destination map is printed separately)

AT THE SITE

- Have fun for about 1 hour testing out the capabilities of the vehicle

RETURN

- Now feel free to activate the navigation system of the car and relax – you’ve earned it!
- Optional: Clean the car at Leclercq Rouffiac with a high pressure cleaner (coin inside the box)
