Lube¹™ Universal ATF

ONE
for ALL

Lube¹™ Universal ATF ist ein 100% vollsynthetisches Automatik-Getriebeöl der neuesten Generation. Durch die einzigartige Kombination modernster Schmierstofftechnologien erfüllt es die höchsten Anforderungen, die an moderne Automatik-Getriebeöle gestellt werden (z.B. das wegweisende DEXRON VI) und kann auch für ältere Automatik-Getriebe problemlos eingesetzt werden.

Beschreibung

Lube¹™ Universal ATF eignet sich für alle Automatikgetriebe mit Wandler, sowie DSG und Doppelkupplungsgetriebe auf ATF Basis in PKWs und leichten Nutzfahrzeugen. Mit Lube¹™ Universal ATF braucht jede Kfz-Werkstätte/Garage nur noch ein Automatik-Getriebeöl und keine teuren Spezialöle mehr. Das vereinfacht den Arbeitsaufwand und senkt die Kosten. Lube¹™ eignet sich für Automatik-Getriebe aller Marken.*

* ausser CVT

Anwendung

Je nach Fahrprofil empfehlen wir den Automatik-Getriebeöl-Wechsel mit Lube¹™ Universal ATF bereits mit 80'000 – 120'000 km vorzunehmen, um einen langen und einwandfreien Betrieb auch unter erhöhter Belastung zu gewährleisten. Lube¹™ kann mit allen Automatik-Getriebeölen gemischt werden. Zur vollen Ausschöpfung des Potentials lohnt sich jedoch ein kompletter Ölaustausch mit dem Ölwechslergerät Flo Dyna-mics TSD 450 EF mit Reinigungsprogramm.

Mit Lube¹™ hat man immer das richtige ATF zur Hand!

Vorteile

- Ersetzt Spezialöle für Automatik-Getriebe sowie DSG- und Doppelkupplungsgetriebe auf ATF Basis
- Verhindert Verwechslungen beim Ölwechsel und Auffüllen
- Beseitigt harte Schaltvorgänge
- Vereinfacht den Einkauf und senkt die Kosten
- Extrem hohe Hitzebeständigkeit
- Erleichtert die Lagerbewirtschaftung
- Senkt die Öltemperatur im Automatik-Getriebe wesentlich
- Verhindert teure Getriebeschäden wegen Überhitzung
- Verlängert die Lebensdauer des Automatik-Getriebes
