RRP:**42,590.00 GBP****ROTR Price:****43,435.00 GBP**

Fuel consumption and CO2 emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at www.dft.gov.uk/vca

Recommended On-The-Road (OTR) retail prices include: delivery charge, half a tank of fuel, number plates, and first registration fee at £55.00 and Vehicle Excise Duty.

Recommended On-The-Road (OTR) retail prices shown are based on the 2017/18 VED rate. As outlined in the Chancellor of the Exchequer's 2015 budget, the way Vehicle Excise Duty (VED) is calculated will change from Saturday 1 April 2017 for the majority of vehicles. The first licence will continue to be calculated using the vehicle's CO2 value, but subsequent licences will be based on a standard rate of £140. Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £310 plus the standard annual rate for a 5 year period. After the 5 year period only the standard rate will apply.

Audi Code:**AAUL5VZG****What is the Audi Code?**

An Audi Code refers to a saved configuration, which can be retrieved in the Configurator. For example, if you generate a PDF, the configuration is saved anonymously at the same time.

Please note that the Audi Code may expire in the event of changes to the product range (e.g. change of model year).
