

The new A4 and S4 Saloon and Avant
Pricing and Specification Guide

A User’s Guide

This guide has been designed to help you tailor and price your chosen Audi model quickly and logically. At the back of this guide, there is a fold-out configurator which you can fill out as you go along. Here you will also find information on CO₂ emissions-based taxation and the other services offered by Audi, including Finance and Insurance. Alternatively, you can go to audi.co.uk and configure your Audi online.

A4 Saloon and Avant

The Audi A4 takes on two very different yet equally impressive forms – Saloon and Avant. Both models are stylish, dynamic and technologically sophisticated – the product of Vorsprung durch Technik, exceptional craftsmanship and innovation. Featuring the muscular Audi single-frame grille, sleek aluminium window trims and – on the Avant – polished aluminium roof rails, this model's sporting character is instantly recognisable from its athletic profile. There's an extensive choice of powerful petrol and TDI® diesel engines – the 256PS 3.2 FSI quattro and the 233PS 3.0 TDI quattro, to name just two – as well as an impressive variety of other performance features, including servotronic speed-related power steering and 16" 9-arm alloy wheels.

Both Saloon and Avant models boast comfortable, luxurious and elegant interiors – all whilst retaining hints of the sporting capabilities that lie beneath the surface. Smooth, brushed aluminium inlays and electronic climate control are included as standard, with an ingenious and versatile twin-level luggage floor system in the Avant – the ideal choice for an active, varied lifestyle. But these are merely some of the standard features. Over the next few pages you'll find optional equipment, trim upgrades, packages and accessories – all designed to help you configure your A4 to your exact specifications.

Standard equipment

All A4 models have the following items of standard equipment:

12V power socket in luggage area (Avant only)	Chrome exhaust pipe. Twin on 2.0 TFSI and 3.2 FSI petrol engines, downturned design on diesel engines	Electronic climate control with individual driver and front passenger temperature controls
4-spoke steering wheel	Chrome trim strips for cup holders and tuning knobs for radio	Electronic Differential Lock (EDL) traction control
7J x 16 '9-arm' design alloy wheels with 205/55 R16 W tyres. 2.0 TFSI and 6-cylinder models have 215/55 R16 Y tyres	Colour-coded bumpers, door mirrors and handles	Electronic Stability Programme (ESP)
Anti-lock Braking System (ABS)	Digital clock with date	Front and rear tailored floor mats
Anti-Slip Regulation (ASR) – traction control	Driver and front passenger two-stage airbags	Front and rear fog lights
Anti-theft device – Thatcham Category 1 Approved	Electric front windows	Full-size spare wheel
Chorus radio with single front-loading CD Player	Electrically operated door mirrors	Halogen headlights
	Electronic Brake-force Distribution (EBD)	Head restraints for all five seats

Heat-insulating tinted glass

Inlays in brushed grey aluminium

Locking wheel bolts

Mikado cloth upholstery

Power-assisted steering

Rear window wash/wipe (Avant only)

Remote-control central locking

Removable and retractable luggage cover (Avant only)

Roof rails finished in polished aluminium (Avant only)

Safety steering column with height and reach adjustment

Seatbelt reminder

servotronic, speed-related power-assisted steering
(2.0 TFSI and 6-cylinder models only)

Scuff plates with metal insert

Side airbags for front seats

Side-impact protection

Sideguard – airbag head-protection system

‘Soft-touch’ luggage compartment release

Split-folding rear seat – 1/3, 2/3 or completely (Avant only)

3-point seat belts with pre-tensioners for all seats

Tool kit in luggage compartment

Twin-level luggage floor system (Avant only)

Visible Vehicle Identification Number (VIN)

Warning triangle

SE trim

When we designed the SE package, we had one person in mind – you. Featuring driver-oriented specifications such as cruise control, Driver’s Information System and 4-spoke leather steering wheel, this impressive upgrade delivers luxury, exclusivity and technological sophistication, making every journey you undertake in your Audi A4 the most comfortable you’ve ever had.

Includes

7J x 16 ‘5-arm Trapez’ design alloy wheels with 205/55 R16 W tyres

2.0 TFSI and 6-cylinder models have 215/55 R16 Y tyres

4-spoke leather steering wheel

Aluminium window-trims framing the exterior side windows

Concert radio with single front-loading CD with MP3 file compatibility

Cruise control for holding any speed above 25 mph

Door mirrors – electrically operated and heated including heated washer jets

Driver’s Information System (DIS)

Electric rear windows

Inlays in aluminium, facette silver

ISOFIX child-seat preparation

Leather gear knob, gaiter and hand-brake lever

Mondial cloth upholstery

Passenger airbag de-activation switch

Basic RRP	Total RRP inc. VAT
No charge	No charge

Free upgrade to 7.5J x 17 ‘16-spoke’ design alloy wheels for vehicles registered by 31 March 2007

S line trim

At Audi, we don't make cars that just look sporty; we make cars that literally raise the heart-rate, set the endorphins racing and take your breath away. Add an S line trim to your chosen model and you will enhance that experience even further. Featuring a range of muscular additions, including S line body styling, Sports seats and Sports suspension, the Audi A4 Saloon or Avant S line delivers a dynamic driving experience every time you get behind the wheel.

Includes

- 7J x 17 '5 parallel twin-spoke' design alloy wheels with 235/45 R17 Y tyres

3-spoke Sports multi-function part-perforated leather steering wheel

Aluminium window-trims framing the exterior side windows

Concert radio with single front-loading CD with MP3 file compatibility
- Door mirrors – electrically operated and heated including heated washer jets

Electric rear windows

Inlays in aluminium, facette silver

ISOFIX child-seat preparation

Leather gear knob, gaiter and hand-brake lever
- Passenger airbag de-activation switch

S line body styling in body colour, badged S line

Sports seats, front, including electric lumbar support

Sports suspension

Strato cloth upholstery

Basic RRP	Total RRP inc. VAT
£638.30	£750.00

Free upgrade to 8J x 18 '5-arm' design alloy wheels with space-saver spare wheel for vehicles registered by 31 March 2007

S line Special Edition

These dynamic, luxurious models feature a number of specification-enhancements over and above the standard S line trim. These include two-tone Volterra leather Sports seats, 18" alloy wheels and Driver's Information System – to name just a few.

Includes

3-spoke sports leather/Alcantara multi-function steering wheel with gear knob and hand brake handle in Alcantara with silver stitching

8J X 18 '7-arm double spoke' design alloy wheels with 235/40 R18 Y tyres and full size spare wheel

Black exhaust pipes (2.0T 220PS model only)

Black headlining

Black optic pack – radiator grille and exterior window trims in matt black (includes matt black roof rails on Avant and colour-coded boot lip on Saloon)

Concert radio with single front-loading CD with MP3 file compatibility

Door mirrors – electrically operated and heated including heated washer jets

Driver's Information System (DIS)

Electric rear windows

Inlays in brushed aluminium

ISOFIX child-seat preparation

Passenger airbag de-activation switch

S line body styling in body colour, badged S line

S line scuff plates

Sports seats, front, including electric lumbar support

S line suspension

Two-tone Graphite/Black Volterra leather

Ventilated cross-drilled front disc-brakes (2.0T 220PS model only)

One look at its muscular body styling, 18" alloy wheels and subtle V8 badging, and it'll come as no surprise that the Audi S4 features a powerful 4.2-litre V8 engine, capable of taking you from 0-62 mph in under 6 seconds. And from the comfort and stability of a stylish leather Recaro Sports seat, you can sit back and enjoy every single unit of this engine's 344PS capability, safe in the knowledge that the quattro permanent four-wheel-drive system will keep you exactly where you want to be – on the road.

But sleek styling and powerful performance in the S4 don't come at the expense of functional, driver-oriented specifications. Simple yet thoughtful touches, such as the interior storage pack, colour Driver's Information System and through-load facility have been included to ensure that your fast-paced lifestyle runs as smoothly as your Audi does.

Includes

- 3-spoke 'S' Sports part-perforated leather steering wheel
- 8J x 18 S design alloy wheels with 235/40 R18 Y tyres
- 4 visible chrome exhaust pipes
- Aluminium door-mirror housings
- Aluminium window-trims framing the exterior side windows
- Body styling in body colour
- Brake callipers painted black with S4 logo
- Concert radio with single front-loading CD with MP3 file compatibility
- Door mirrors – electrically operated and heated including heated washer jets
- Driver's Information System (DIS) in colour
- Electric rear windows
- Headlight washer system
- Inlays in Carbon Fibre
- Interior light pack
- Profile cloth/leather upholstery
- quattro permanent four-wheel-drive
- Recaro Sports seats with electric adjustment for height, forwards and backwards position, backrest angle and lumbar support
- 'S' instrument dials
- S4 Sports suspension
- Scuff plates in aluminium with 'S' badge
- servotronic, speed-related power-assisted steering
- Split-folding rear seat
- Storage pack
- Through-load facility
- V8 badge on front wing
- Xenon Plus headlights

£36,590.00	£37,415.00

Permanent four-wheel-drive

Cars that deliver as much pulling power as the Audi A4 and S4 need a harness in place – a technology that delivers safety and control whilst enhancing the sporty characteristics which make them so thrilling to drive. That's why the latest generation of quattro® permanent four-wheel-drive is available on A4 models and standard on the S4. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding. On quattro® models, drive power is continuously distributed between the front and rear axles depending on weather conditions, road surface and gradient. And what better technology to feature on this sporty model than the one that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago.

Please note: All S line, S line Special Edition and S4 models have colourless indicator lenses in the headlamps, not orange as shown.

Engines

Petrol

There are two kinds available on this model – the standard petrol engine and the FSI® direct-injection engine. FSI® is a unique Audi technology originally developed for the Le Mans 24-hour endurance race to deliver increased power and torque as well as enhanced fuel efficiency. The way it does this is, in theory, very simple. Fuel is injected directly into the combustion chambers, ‘unthrottling’ the engine, reducing heat-loss and increasing output – all whilst reducing fuel consumption and exhaust emissions. Ideal for the buyer who wants a sporty, exhilarating drive without the drawbacks of excessive fuel costs or high emissions-based taxation.

Diesel

All diesel engines from Audi are known as TDI®. This impressive technology was originally pioneered by Audi in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. Like its FSI® petrol counterpart, the TDI® diesel engine is designed for power and performance, with low fuel consumption and CO2 emissions. The working principle of the TDI® engine is based upon precision and compression. A turbo-charger supplies fresh air to the engine, ensuring optimum filling of the cylinder. Immediately after compression, an injector then delivers fuel into the combustion chambers at a very high pressure. The result – you get the most in terms of performance and economy from every drop of fuel that enters the tank.

Transmissions

multitronic®

Audi offers a variety of different transmission options to suit your requirements and driving style. In addition to the classic manual gearbox are two innovative automatic and semi-automatic transmission options. To help you come to an informed decision, each of these is described in detail opposite.

Translating a driver’s preferences and intentions into road performance, the multitronic® transmission system entertains no compromises – whether in terms of dynamism, convenience or economy. multitronic® automatic transmission is available on models without quattro permanent all-wheel-drive. A continuously variable transmission, multitronic® can transmit up to 310 Nm of torque and permits an exceptionally wide range of gear ratios. The result is smooth, powerful acceleration and a high level of driving comfort. And thanks to its lightweight design and a number of advanced electronic control systems that monitor gradient, road conditions and the way the driver is using the accelerator pedal, multitronic® also plays an instrumental role in reducing fuel consumption.

tiptronic

The 6-speed tiptronic transmission system is a form of automatic transmission available on Audi models with quattro permanent four-wheel-drive. The technology converts high-torque engine power into both sporty performance and operating convenience, with crisp, fast gear changes, reduced weight and an optimised gearshift strategy. More spontaneous gear changes are a particular benefit, especially when down-shifting. Both in the ‘D’ (Drive) and ‘S’ (Sport) programme, the advanced electronics used in tiptronic respond efficiently to every driver input, helping to prevent unwanted upshifts when cornering.

Audi exclusive

In a car made from Vorsprung durch Technik, exclusivity comes as standard. In the Audi A4 and S4 it's present in everything, from the distinctive single-frame front grille to the stylish tail lights. But for that extra element of exclusivity, customise your Audi according to your

own unique taste with options from Audi exclusive. Whether you want Fine Nappa leather seats, dark-tinted privacy glass or even a customised steering wheel in your chosen model, Audi exclusive offers an impressive number of options to make it your own.

CO2 data and information

CO2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the type of fuel a vehicle uses and the amount of carbon dioxide (CO2) it emits, measured in grams per kilometre (g/km). The DVLA has created six categories for petrol engines and six categories for diesel engines.

CO2 emission figures

The CO2 emission figures quoted in the technical data section on pages 24-27 are based on a fully laden vehicle, including the driver, and the heaviest possible options configuration. Actual CO2 emissions may be lower depending on options selected.

	Petrol engines	Diesel engines
A – up to 100 g/km	£0.00	£0.00
B – 101 to 120 g/km	£40.00	£50.00
C – 121 to 150 g/km	£100.00	£110.00
D – 151 to 165 g/km	£125.00	£135.00
E – 166 to 185 g/km	£150.00	£160.00
F – 186 to 225 g/km	£190.00	£195.00
G – Over 226 g/km	£210.00	£215.00

Servicing

Servicing tailored to your needs

Prior to the 2000 model year, almost all Audi models followed a traditional fixed Service Schedule similar to that of other major car manufacturers: a Lubrication Service every 10,000 miles and an Inspection Service every 12 months or 20,000 miles – whichever occurred sooner. Since then, Audi has introduced a more flexible maintenance system that works in accordance with how, where and how much an individual uses their car.

The two Servicing Regimes available are the conventional ‘Inspection Service Regime’ and the flexible ‘LongLife Service Regime’. When you purchase a new car, we will recommend one of these regimes to you depending on your own individual driving style and journey-type. The tables below should give you an indication of which regime might be more appropriate for you.

With the LongLife Service Regime, on-board sensors continuously monitor the condition of the engine oil in terms of temperature, level & oil degradation. The monitoring system also checks mileage, brake-pad wear and battery condition. Using this information, the car’s on-board

Inspection Service Regime

	Vehicle usage:
Mileage	Less than 10,000* miles per annum.
Type of Journey	Mainly city/town centre driving. Short journeys.
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing.
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, ‘sporty’ driving.

	Service intervals:
Oil-change Service	Every 10,000* miles/1 year
Interval Service	Every 20,000* miles/2 years
Interval Service Inspection	Every 40,000* miles/4 years

computer calculates its own maintenance interval, providing you with ample warning of a due Service via the ‘distance to Service’ display.

In practice, this means that every Audi gets the maintenance it needs, when it needs it. For companies and private owners alike, there are many advantages to the LongLife Service Regime. Longer service intervals mean lower maintenance costs, and thus lower whole-life costs. According to company car mileage monitored at Audi since the introduction of LongLife, petrol engines are typically achieving an average of at least 17,500 miles and diesel engines around 20,000 miles between services.

One of the factors that makes this kind of servicing regime possible is the advanced engineering and technology that goes into Audi engines. Furthermore, Audi use high-grade long-life oils such as Castrol SLX LongLife III, which are designed to withstand ageing and high loads without deterioration. Compared to conventional oils, these advanced-formulation oils also give exceptional levels of engine protection, are kinder to the environment and deliver average fuel savings of 2.7%.

LongLife Service Regime

	Vehicle usage:
Mileage	More than 30 miles per day.
Type of Journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading.
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3000.

	Service intervals:
Interval Service	Flexible to a maximum 20,000* miles/2 years
Interval Service Inspection	Every 40,000* miles/4 years

*Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Service by Design

At Audi, we believe our customers have the right to expect excellent service each and every time they make contact with us. To ensure that this happens, we have agreed a set of service standards with our Audi Centre network that governs the way they do business with you. These standards apply to both Sales and Aftersales, and we actively monitor our Centres to ensure that you receive the highest level of customer service. These service standards will ensure a consistent, stress-free experience whenever you are in contact with anyone representing the Audi brand.

Every Audi Centre will be open during the following hours:

Sales: 9am–6pm Monday to Friday
9am–5pm Saturday

Service: 8am–6pm Monday to Friday
8.30am–1pm Saturday

Sunday opening at local discretion.

Test drives

Whilst we cannot always have the desired demonstrator car ready immediately, we will confirm arrangements for a test drive within two working days (subject to status).

New Car delivery

Once we have confirmed a delivery date with you, we will keep you informed of progress. In the unlikely event of a delay, we will provide you with a courtesy car to minimise inconvenience and keep you mobile.

Delivery to any location within the UK

To maximise your Audi experience right from the first day of ownership, we will deliver your car to your preferred location – whether that's home or your place of work (subject to reasonable notice).

Every attention to detail

Your ownership experience starts with half a tank of fuel.

Quotation response

We are committed to answering any quotation request within 1 working day.

Training

We run a continuous training development programme for all our staff so that we consistently deliver a high-quality, professional service.

Formal complaints procedure

We have a complaints procedure designed to ensure any negative issue you raise with us is dealt with properly.

Courtesy cars

When your car is off the road, perhaps due to a scheduled service or MOT, we will offer you an Audi Courtesy Vehicle until yours is ready. We'll even collect from and deliver to your chosen location, keeping hassle to an absolute minimum.

All our courtesy cars are insured and fuelled

Upon collection or delivery, your courtesy car will have a minimum of a quarter of a tank of fuel; all we ask is that you replace any fuel used before returning it to us. On presentation of your driving licence, we will also insure the car free of charge.

Service bookings

If you do not require a courtesy car, we will service your Audi within a maximum of 5 working days. If you do choose to take a courtesy car, we will promise to service your vehicle within a maximum of 10 working days.

Cleaning

When your car comes to our workshop, we will wash and vacuum it at no extra cost.

No hidden charges

You will be consulted before we carry out any necessary work on your vehicle, and anything charged for will be itemised on your bill. No extra work will be undertaken without your permission.

A personal service

All work will be done by a named Audi technician, to whom you can personally direct questions or requests should you need to.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 17.5%.

Delivery charges and numberplates are not included in the vehicle price.

Delivery charge	£471.06
Numberplates	£20.00
VAT	£85.94
Total	£577.00

Audi Roadside Assistance

Your new car comes complete with free roadside assistance and recovery across the UK provided by RAC Motoring Services. Your 24 months' free cover can be extended for a further year free-of-charge, provided that your vehicle is serviced and, if necessary, repaired by an Authorised Audi Centre or Audi- Authorised Repairer in accordance with the manufacturer's instructions.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Up to 3 years' UK roadside assistance and recovery.

This package, together with Audi variable Service intervals, offers a combination unmatched by any other major manufacturer. Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is our full range of finance products.

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire Purchase
- ▶ Lease Purchase
- ▶ Finance Lease
- ▶ Contract Hire

With all our finance products, you can choose one of our fixed-cost maintenance plans, which are designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

Motor insurance specially tailored to your Audi is available from Audi Insurance. For a no-obligation quote, please ring Linkline on 0845 6016014.
